ACM BCB 2023

The 14th ACM Conference on Bioinformatics, Computational Biology, and Health Informatics (ACM-BCB) | **Houston, Texas,** Sep. 3-6, 2023

The 14th ACM Conference on Bioinformatics, Computational Biology, and Health Informatics (ACM BCB 2023) is the flagship conference of the ACM SIGBio. It will be held in Houston, TX during September 3-6, 2023. ACM BCB 2023 will continually showcase leading-edge R&D on data collection, processing, analysis, and knowledge modeling for biological, clinical, and healthcare applications from bench to bedside. In addition, it will be **co-located with The International Workshop on Algorithms in Bioinformatics (WABI 2023)**, whose focus is on algorithmic R&D in bioinformatics, computational biology and systems biology with the emphasis on discrete algorithms and machine-learning methods. As a premier ACM conference for interdisciplinary research linking computer science, mathematics, statistics, biology, medicine, artificial intelligence, bioinformatics, biomedical informatics, and health informatics, over the past 13 years, ACM BCB annual conference has risen to be among the **top 20 most influential Bioinformatics and Computational Biology referred journals and conferences** in Google Scholar (with *h5-index=28* and *h5-median=50*). Starting from 2023, ACM-BCB will adopt a fully open double-blind review process via OpenReview.net, which will enhance the transparency of the review process and enable active interactions among the authors, reviewers, and the research community. ACM BCB 2023 has also established new partnerships with multiple refereed journals – including *IEEE/ACM Transaction on Computational Biology and Bioinformatics (TCBB)*, *Patterns (Cell Press)*, and *iScience (Cell Press)* – to publish selected original research papers accepted by ACM BCB 2023. Attendees of ACM BCB consist of faculty, early-career scholars, students from academia, researchers/engineers from industry, and medical information officers and data scientists from health care organizations.

Become a Sponsor of ACM BCB 2023: We provide several options for becoming an official sponsor of ACM-BCB 2023, which will allow the sponsor to engage with this vibrant and active community who lead Bioinformatics, Computational Biology, and Health Informatics research in ACM. Current options include:

Bronze Sponsorship ($1,500)
Logo on ACM-BCB Conference Website, with link to company's website
Logo on all conference program

Gold Sponsorship ($3,500)
Logo on ACM-BCB Conference Website, with link to company's website
Logo on all conference programs
Recognition at the Opening and the Closing Ceremony to highlight the sponsorship
1-Page Ad in Conference Program (8.5" x 11")
One complimentary full registration for conference
20% discount on up to 5 Conference Registrations
Sponsor-supplied banner will be prominently displayed

Exhibition table/booth (from $1,000)
Set-up an exhibition table or booth at the ACM BCB conference.

Silver Sponsorship ($2,500)
Logo on ACM-BCB Conference Website, with link to company's website
Logo on all conference programs
1-Page Ad in Conference Program (8.5" x 11")
20% discount on up to 5 Conference Registrations

Platinum Sponsorship ($5,000)
Logo on ACM-BCB Conference Website, with link to company's website
Logo on all conference programs
Recognition at the Opening and the Closing Ceremony to highlight the sponsorship
1-Page Ad in Conference Program (8.5" x 11")
Two complimentary full registration for conference
20% discount on up to 5 Conference Registrations
Sponsor-supplied banner will be prominently displayed
5-min presentation at the conference banquet

Create your own sponsorship option: Sponsors have the option to create a customized sponsorship package that best suits their interest & needs! This includes **named sponsorship** of coffee breaks, lunch meetings, banquet, with opportunities to directly interact with attendees.

Interested in becoming a sponsor? Have questions?
Please do not hesitate to contact the General Chairs below to discuss! **Contact**: acm-bcb-2023@googlegroups.com
